BRIEF DESCRIPTION OF WORK ASSIGNED

Tuba worked significantly on a carpooling feature of an internal web application during her internship period, using the frontend technology on Angular JS. She also worked on requirements and enhancements for another time tracking application on Angular. Also, she participated in designing some database aspects as well as highlighting and working on improvement areas on both the applications.

OTHER COMMENTS AND SUGGESTIONS

Overall, Tuba was a great resource for team. Tuba has good analytical and communication skills. She understands the needs of the users which is an important factor of working in a project. She is eager to learn and work on new functionalities.

Supervisor's Signature: Sukaina Mushtaq
